

The Crunch

Exploring our food, our health and our planet

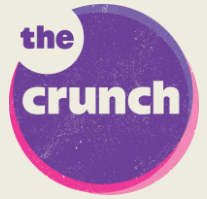

Good health makes life better. We want to improve health for everyone by helping great ideas to thrive.

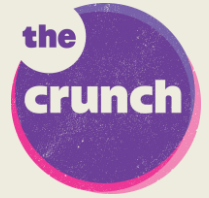

Created by
welcometrust

Thinking about solutions that work for everyone

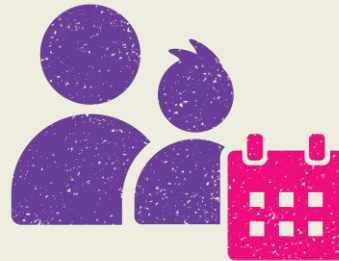

What is The Crunch?

Free resources and activities all over the UK
Launched in spring 2016

Free science equipment and cross-curricular **resources** for every **school and FE college** in the UK

Events and activities for **families** delivered by **nine science centres** in local areas and online game **Hungry City**

800+ strong Ambassador network, resources for people to engage **local communities**

Chew it Over - Dramatised dialogue aimed at **adults**, encouraging **thought and debate** about past, present and future **food systems**

Thank you
