We believe that every person in Aberdeen should have access to healthy, tasty, affordable and sustainable food.

**Six Charter Goals:**

- Promote healthy and sustainable food to the public
- Build community food knowledge, skills and resources
- Transform catering and food procurement
- Tackle food poverty and diet-related ill health
- Promote a diverse and vibrant food economy
- Reduce waste and the ecological footprint of the food system

*If you are nourishing an interest in healthy and sustainable food, sign up for our charter*
INDIVIDUALS AND ORGANISATIONS ARE MAKING A PLEDGE TO MAKE A DIFFERENCE
JOIN US TODAY

**INDIVIDUALS**
- Follow a healthy diet. Try to eat 5 portions of seasonal fruit & vegetable per day
- Buy more local and seasonal produce
- Grow your own food, in an allotment or community garden
- Cook your own meals from scratch using fresh, local, sustainably sourced ingredients
- Compost, reduce food waste and recycle packaging

**ORGANISATIONS**
- Procure sustainable, local and responsibly sourced food
- Provide opportunities to grow food at work and within the community
- Increase access to healthy food and drinks in canteens and encourage staff to eat healthy diets including reducing sugar consumption
